7 | Thu | GRN USA

Pray for new staff to serve at the USA home base in Tucson, AZ. Many departments could use some new helpers, with a vision of how the home base furthers God's work on the field.

8 | Fri | GRN MEXICO

GRN Mexico and GRN USA are working together to record the 100+ unrecorded languages of Mexico within the next few years. Many unreached people groups can be found in the mountains and valleys of southern Mexico, living their lives without knowing God.

9 | Sat | PRAY FOR INDIA

India still has many unrecorded languages. Currently there is no GRN Centre there to coordinate a strategic recording and distribution program. Pray that God in His time, will establish a viable operation to further the proclamation of the Gospel in all of India's languages and speech varieties.

10 | Sun | PRAY FOR MYANMAR

Ask our Lord and Saviour to have mercy on His people and all in this troubled nation. Pray for our friends there to have boldness and courage to bear witness to the Gospel, and for God's presence and provision for them and their families.

Pray too for Simon, Noel, Chris, Henry and Yousif as they work on various projects and look for more recording opportunities.

The 5fish 10th Anniversary Dinner is being held tonight. Pray that God would use Kevin Murray from the Australian Presbyterian World Mission to engage people's hearts and minds, for people to imagine what might be possible through the use of 5fish. Pray that it would be an enjoyable and memorable evening. Pray that the event will be well attended, successful and encourage the participants and staff to continue to promote and use 5fish.

17 | Sun | SECURITY OF COMPUTER SYSTEMS

Keep praying for the security of our computer systems and data. New risks appear frequently, and the Information Systems Team need to be constantly vigilant in keeping up with what hackers are doing, and what technology is available to thwart them.

18 | Mon | CHANGES TO CENTRAL DATABASE

Changes are made in our central database on a regular basis to handle new and ever more complex requirements. For example, we recently added the ability to document the extent to which speakers of one language could also use another. Pray for Rob McDonell, Keith Larson (USA) and others as they work to make the database even more useful.

23 | Sat | GONGDUK PEOPLE OF BHUTAN

The Gongduk of Bhutan live in very isolated villages. Violent storms from the Himalayas cause many landslides that add to the isolation of this Buddhist group. Ask God to send workers to these people and that GRN might have the privilege of recording for them.

Ask our Lord that we might have the privilege of playing a part in many people hearing God's word and coming to faith in our Lord Jesus Christ.
